INTERIOR DESIGN CAN INFLUENCE THE WAY THAT
WE INTERACT WITH EACH OTHER SOCIALLY.

MANCHESTER CRAFTSMENS GUILD

“

What we discovered is that world class environments create world class behavior.

When you treat people like people, they tend to treat each other like that.

And I didn't study this in a sociology course. I'm telling you what I see with my own eyes every day.

At Manchester Bidwell Corporation, we have a simple philosophy - **environment shapes people's lives.** By constructing an empowering atmosphere of art, light, music, and a staff that strives to realize the genius in everyone, we enable our students to become productive society members.

Creating a Permanent Candlelight Vigil

"We will repel bullies. We will shelter freaks and outcasts; those who have no home. We will get past the lies. We will hunt monsters. **And when we are lost amidst the hypocrisy and casual violence of certain individuals and institutions** ... we will punch some people in the face **when they seek to destroy the weak and the disenfranchised and the marginalized.** And we will do it all with soul and with heart and with joy."

“

But remember, the brick walls are there for a reason. All right, the brick walls are not there to keep us out. **The brick walls are there to give us a chance to show how badly we want something.** Because the brick walls are there to stop the people who don't want it badly enough. **They're there to stop the other people.**
